

Note: Print this reference sheet at 100%. Double check that it is truly 100% by confirming the 1" scale.  
Place this sheet on the glass of the sash and take a photo from approximately 10' back. Make sure you are standing perpendicular to the window and taking the photo straight on, or the radius will not be accurate.  
Photograph must be in focus, with all elements clearly visible.

# SHAPE WINDOW PHOTOGRAPH REFERENCE
